

Ultimate Core EC

Exceptional quality at an affordable price

Ultimate Core EC 42U Cabinet

- 24" w x 42" d x 80" h external dimensions
- Fully welded frame
- Frames and doors constructed with welded 14 gauge cold-rolled steel
- 2,000 lb. static load weight capacity
- Black powder coat finish
- Front Door, Split-Rear Doors, and Side Panels compartments are all keyed alike
- Ships fully assembled and configured, F.O.B. origin

Front Door

- Removable front door includes 80% hex-shaped mesh perforation for maximum airflow and features a lockable low-profile lift-and-turn handle

Rear Doors

- Removable split rear doors feature a 3-point latch/lock design and include 80% hex-shaped mesh perforation for maximum airflow

Rails

- .375" square hole rails per the EIA-310-D standard have numerically sequenced silkscreen markings indicating U spacing for easy installation of equipment. Rails are designed with round cable pass-through holes that allow for front-to-back cable management.

Top Panel

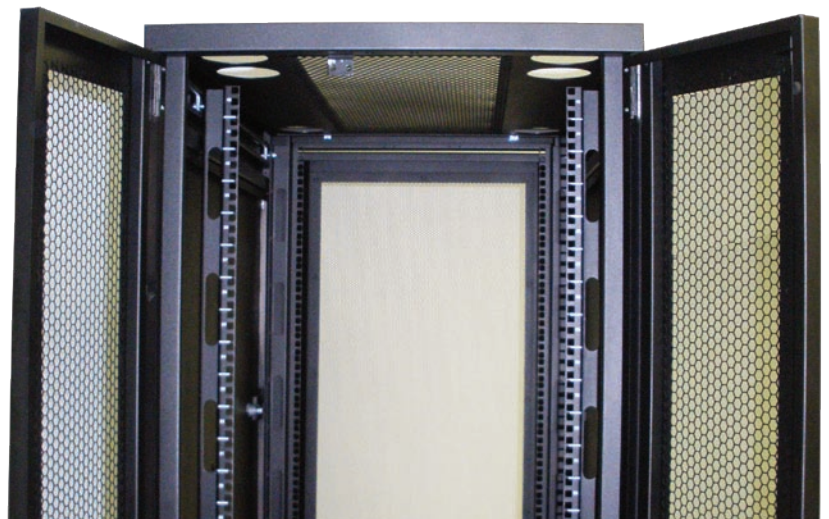

- Vented top with 80% mesh perforation has six 3.5" round cable access holes in the top of the cabinet (2 in the front and 4 in the rear)

Made in the USA

Model # EC244242-001

Ultimate Core EC

Side Panels

- Ships with 2 sets of pre-installed lockable and removable side panels. There are two “compartment style” side panels on each side of the cabinet, one panel covering the upper ½ of the cabinet and the second panel covering the lower ½ of the cabinet. Side panels provide quick yet secure access to cabinets at the end of a run.

Base

- Base designed with a 30” x 21.5” rectangular opening

Casters and Levelers

- Ships pre-configured with both casters and levelers. Levelers are accessed and adjusted with a flat-blade screwdriver through access holes in the cabinet base.

Parts Kit

- Ganging hardware for the six keyhole-style ganging locations on each side of the cabinet
- Four caps and plugs for the top panel cut-outs
- Cage nuts with #10-32 screws (25 each)

Available Accessories

- Cable management
- Shelves
- Power strips
- Monitoring sensors
- KVM switches and pull-out KVM drawers
- In-rack UPS
